November 18, 2014

FOR IMMEDIATE RELEASE:

**THE PROPOSED CITIES OF SOUTH DEKALB AND STONECREST SUBMIT THEIR
MAPS BY NOVEMBER 15 DEADLINE**

Decatur, GA. Dr. Kathryn Rice and Mr. Jason Lary, signatories for the proposed cities of South DeKalb and Stonecrest in DeKalb County submitted their signed maps yesterday, November 17, 2014 to the office of Representative Amy Carter, Chair of the GA State House Governmental Affairs committee. As per the instructions of Representative Mike Jacobs at the August 28, 2014 meeting attended by representatives from the five proposed cities, the two proposed cities of South DeKalb and Stonecrest agreed upon boundaries and submitted their maps to Representative Jacobs on October 16, 2014 and to Representative Carter yesterday.

If approved, the city of South DeKalb will represent a historic step in DeKalb county's history. The population of South DeKalb (294,398) will render it the second largest city in the state of Georgia. If South DeKalb is approved along with Stonecrest (population of approximately 50,000) and the three cities in the north, it would essentially mark the municipalization of DeKalb County.
